

Important Notice to Customers Using the WebAccess i HD and/or SmartPhone Navigator Apps

We would like to inform you that the WebAccess i HD and SmartPhone Navigator apps will no longer be available for download after October 31, 2025. A new version of the WebAccess app —WebAccess i (for iOS) and WebAccess A (for Android)—offering the same features will be available starting October 31, 2025. Please use these updated apps going forward.

The WebAccess app will be available from the following links:

For iOS devices

https://86886.jp/webaccess_i/us/

For Android devices

https://86886.jp/webaccess_a/

The quick setup guide included with your LinkStation may reference the use of SmartPhone Navigator for device setup. Use the new WebAccess app for setup instead. Updated quick setup guides with the latest instructions are available at the websites listed below. Check the site for your product model for the most current information before setting up your LinkStation.
