

Hard Drives  
Included

- Available in 2-drive models with 4, 8, or 16TB capacities
- Pre tested hard drives included
- Native 2.5GbE Multi-Gigabit Ethernet
- Pre-configured with RAID 1 for out-of-the-box fault tolerance
- Hexa-core processor for stable operation
- Sync with Dropbox/OneDrive/Azure for hybrid cloud
- Create a personal cloud for secure access and sharing anytime, anywhere with WebAccess free remote service
- Duplex firmware for reinforced data protection and uptime
- Professional PC backup with 5 licenses of NovaBACKUP® Buffalo Edition
- Set up regular backups using Time Machine for Mac
- Active Directory integration
- Made in Japan/TAA Compliant

## High-Speed Network Storage for Professional Data

Buffalo's LinkStation SoHo 700 is an affordable and easy-to-use personal cloud that is purpose-built to provide small/home office users with a data storage solution to store and manage critical data from one central location. The LinkStation SoHo 700 is available in 4TB, 8TB, and 16TB capacities, and comes with hard drives included and RAID 1 pre-configured for a robust out-of-the-box experience.

The LinkStation SoHo 700 is designed to smoothly handle heavy data load operations. The LinkStation SoHo 700 features a hexa-core processor to provide the reliability and stability you need for intensive multitasking, and the native 2.5GbE port effects 2.5 times faster transfer speed than standard gigabit Ethernet (1GbE), enabling enterprise-level productivity on your network without the need to upgrade to CAT6 cabling.

The LinkStation SoHo 700 supports cloud integration with Dropbox and Microsoft Azure and OneDrive, so you can set up a personal cloud and avoid costly monthly cloud subscriptions. For additional data protection, the duplex firmware will reinforce uptime, and if connecting the unit to a UPS, the UPS sync feature can be used to shut the device down immediately when there is a power outage, thereby preventing possible data loss.

The LinkStation SoHo 700 is bundled with NovaBACKUP for PC and is Time Machine compatible to easily back up data from multiple PC and Mac computers to the same secure location. Each unit comes with a 3-year warranty and is backed by our award-winning, North America-based 24/7 technical support.

## PRODUCT SPECIFICATIONS

<b>MODELS</b> Part Numbers Form Factor	<b>LinkStation SoHo 700</b> LS720D0402B 4TB, LS720D0802B 8TB, LS720D1602B 16TB Desktop
<b>INTERNAL HARD DRIVES</b> Number of Drives Capacity Range Drive Interface Supported RAID	2 4, 8, 16 TB SATA 6 Gbps 0/1/JBOD
<b>USB INTERFACE</b> Standards Compliance Number of Ports Data Transfer Rates	USB3.2 & USB2.0 USB3.2 Gen 1x2 & USB2.0 x1 5Gbps (USB3.2) & 480 Mbps (USB 2.0)
<b>PERFORMANCE</b> CPU Memory	Hexa-core 1.3GHz CPU 2GB
