

Buffalo Americas Product Transition Statement for DVSM Optical Drive

MAR 2023—Buffalo Americas, a leading provider of easy-to-use storage solutions and award-winning pre- and post-sales support, is announcing a product life-cycle status change for the MediaStation DVSM-PT58U2VB DVD writer product to While Supplies Last, as well as the transition to the new DVSM-PUV8U3B-TAA product family.

Buffalo's new DVSM-PUV8U3B-TAA offers the same high-capacity disc writing with fast DVD read and write speeds as the previous model. Along with the same DVD and CD creation/backup capabilities, the new MediaStation now comes with a USB 3.2 port along with USB Type A support, and TAA compliance. A non-TAA-compliant variant is also expected to be released by Summer of 2023.

Customers are encouraged to transition to the new MediaStation DVSM-PUV8U3B-TAA product immediately.
